

# Taranjeet Singh

Frontend & Backend Developer

I am a passionate web developer with 5+ years of exp. building virtual platforms for organizations at a professional level. I can benefit your projects as I have sound experience in Node.js, React.js, & Angular.js. I have the ability to work collegiality along with the team or as an independent consultant. I look forward to being hired by you. I have been working as a Full Stack Developer and can handle any type of (Node.js, React.js, Flutter, PHP, Angular) projects.
